

CASE STUDY

Atlas MedStaff Strengthens Compliance and Efficiency with Universal Background Screening

Customer: Atlas MedStaff
Industry:
Travel Nurse and Allied Health
Staffing

Role Interviewed:
Mandy Sudbeck,
Director of Compliance

THE CHALLENGE

Atlas MedStaff needed a screening partner that understood healthcare credentialing and could support fast-moving placement cycles. Their compliance team required:

- Rapid and accurate verification
- Healthcare-specific screening
- Clear documentation
- Strong communication
- Integration with their ATS
- Cost-effective workflows

THE SOLUTION

Atlas chose Universal Background Screening for:

[Learn More](#)

- ✓ Healthcare-focused background checks
- ✓ Employment and education verification
- ✓ License and credential verification
- ✓ Custom workflows designed to reduce verification costs
- ✓ Sanctions and exclusion checks
- ✓ ATS integration
- ✓ A dedicated account team

Faster and More Predictable

and more predictable screening outcomes.

Clear notes and visibility

on verification barriers.

Cost savings

through customized verification rules.

Stronger

partnership support.

A smoother workflow

for the compliance team.

A better experience

for facility/client and clinicians.

THE RESULTS

CUSTOMER PERSPECTIVE

The Atlas MedStaff Director of Compliance, Mandy Sudbeck, shared that working with a team who understands Atlas's needs made the biggest difference.

"I have seen how Universal works from both inside and outside Atlas, and the quality has always been consistent. Their team takes the time to understand what our compliance department needs, and they deliver exactly that. The ATS integration they built for us and the customized workflows have saved us time and money. We rely on them because they communicate well, they document everything we need to know, and they help us keep our standards high. Working with Universal feels like working with a partner who knows our world and supports the way healthcare staffing really works."

Mandy Sudbeck,
The Atlas MedStaff Director of Compliance

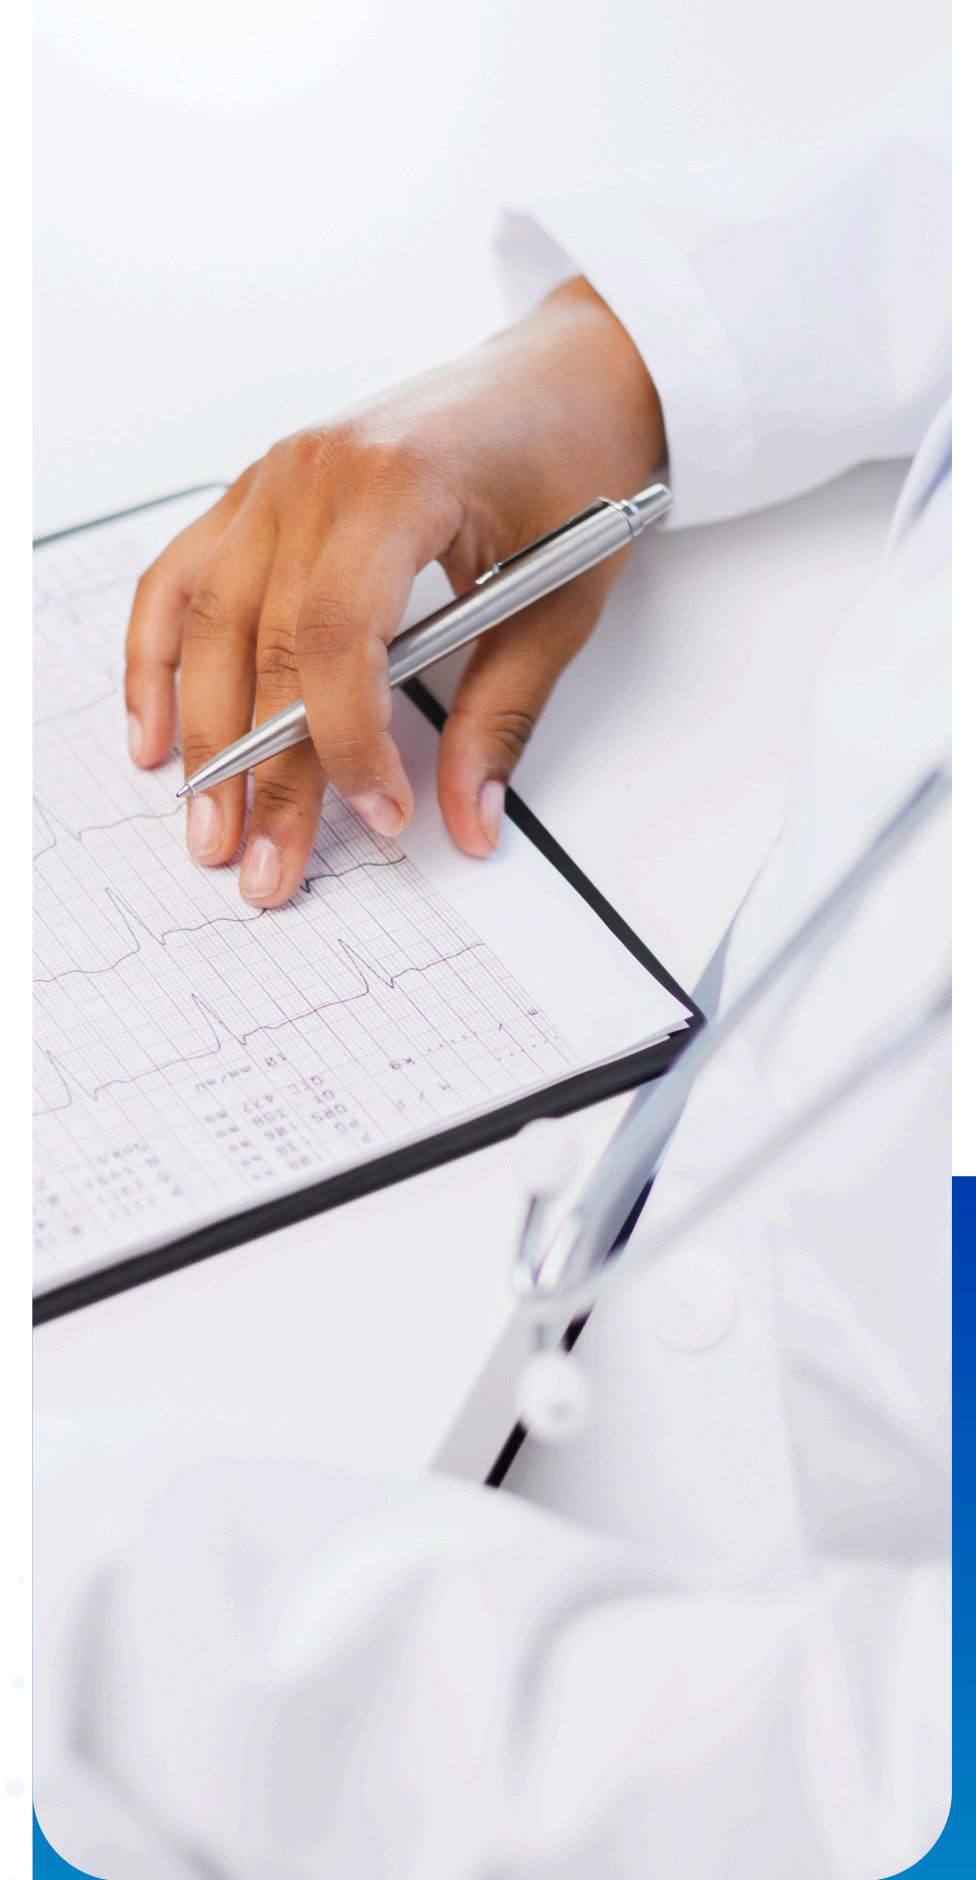

OUTCOME

Atlas uses Universal as a strategic partner in healthcare staffing.

Their compliance team has stronger support, faster processing, and a workflow that helps clinicians start their assignments on time without sacrificing quality.

ABOUT US

BACKGROUND SCREENING FOR HEALTHCARE STAFFING

Universal Background Screening (UBS) provides comprehensive, healthcare-focused background checks and credential verification designed for the demands of travel nurse, allied health, and clinical staffing. UBS delivers fast criminal searches, primary-source license and certification verification, exclusion-list checks, drug testing options, and continuous monitoring to help staffing agencies meet tight start dates and maintain strict regulatory compliance.

With a dedicated support team, customizable screening packages, and integrations with leading ATS/HRIS platforms, UBS helps healthcare staffing firms streamline onboarding, reduce risk, and confidently place qualified clinicians across hospitals, clinics, and care settings nationwide.
